I'm
Mehrdad Ghadermarzi

A passionate UIUX Designaer and Developer

With 4 years of experience in UI/UX design and 8 years in graphic design, I specialize in creating user-friendly and visually engaging interfaces. I've worked remotely for the majority of my career and have 2 years of experience in web development, which enhances my understanding of both design and coding.
I'm passionate about innovative design and problem-solving, and I'm currently looking for remote or full-time opportunities to further grow my skills.
